

A semi-detached house in need of total refurbishment in Mahon, Menorca.

Ref.: 26338

An interesting project to refurbish the ground floor plus an upper floor and small patio but keeping many of the features that the house has to offer. The building has been divided into two semi-detached properties and the one we have for sale not only has a ground floor but also a first floor with an internal staircase. The property comes with a project prepared by a local technician which retains part of the floors and vaulted ceiling on the ground floor. This is an ideal opportunity for the buyer to make their mark on this charming property. The house of 92 square metres has a wide entrance hall, double bedroom, bathroom and access to a patio. Stairs lead up to the first floor where there is a large living/dining room, open plan kitchen and a hallway to a double bedroom and bathroom.

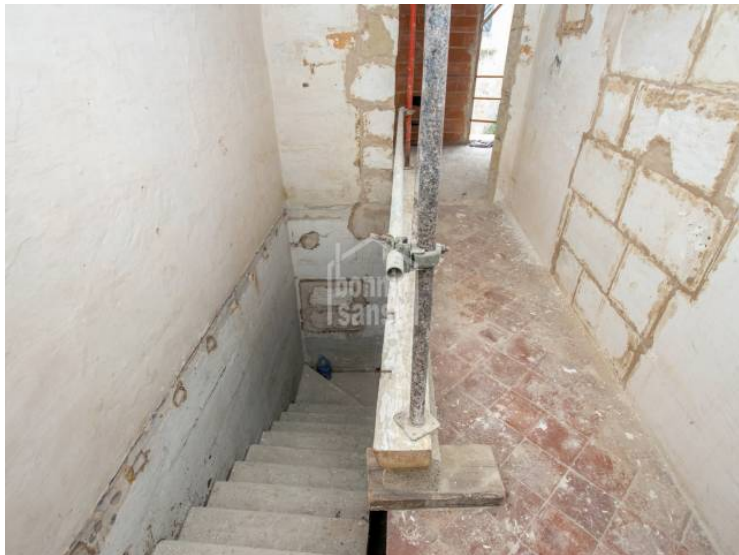

Price: 207.500 €
